FAMILY BULLETIN

Did You Meet Your Goals?

At the start of the Second Quarter, we held our first Student/Parent/Teacher Conferences. At the conference, students and parents reviewed with their teacher their "data": STAR results, grades, and other bits of information that shows how they are progressing in their education. Each child then created an academic and spiritual goal for the year, while parents committed to specific ways they will help their child meet her/his goals.

Now it is time to see how we did! On Friday, March 27, students from Prek 4 - Grade 7 will not have regular classes. Instead, we will have our Fourth Quarter Student/Parent/Teacher Conference. At the ten minute conference, students and their parents will review with the teacher the goals set in October, and then determine if they met their goals and why (or why not). We will also review the student's progress on their data points, such as their STAR tests and

grades. Finally, the student and parents will set priorities for the remainder of the year.

To schedule your child's conference time, please call the front office between **Tuesday March 17 and Wednesday March 25**. Conferences will be scheduled on a first come first served basis. If you do not schedule by March 25, a time will be scheduled for you.

That is also the time when we celebrate our students' successes **Striving for Excellence, Being Christ-Like, and Staying Safe!** We are asking parents to help us celebrate by donating gift cards and other small prizes for students to win during the Benilde Bash raffle!
